THE ALUMNI ASSOCIATION.

THE year 1891 will be the quarter-centennial of the University of Kansas as an educational agency. The contemplation of the approach of so important an event in the University's history must cause a thrill and rouse a new interest in the heart of every loyal son and daughter of our *Alma Mater*. Aside from other important and obvious considerations, it is hoped that this Catalogue will do its share toward stimulating and sustaining in the Alumni a lively interest in the University at this important epoch. At the quarter-centennial celebration next year, reminiscence and retrospection will be the order: but it is the privilege of the Alumni to anticipate the public in reviewing and reinforming themselves in regard to the events and individuals that have made the University what it is and has been for us all.

By legislative enactment the University was "located" in 1864, but it was not until July, 1866, that the first Faculty, consisting of three Professors and one Lecturer, was elected. The institution was formally opened in September of the same year. Fifty-five students, all in the preparatory department, were enrolled the first year. For several years the work was confined chiefly to the preparatory and collegiate grades. At the close of the seventh academic year, in 1873, the first class graduated.

During Commencement week in 1876 the graduates, who then numbered twenty-two, organized an Alumni Association. A constitution was adopted, and a board of officers elected. L. D. L. Tosh, '73, was the first president, and Ida Blood, '74, the first secretary. In 1877 a new board of officers was chosen, and arrangements were begun for "Alumni exercises" to be held at the next Commencement. Chas. W. Smith, '76, was chosen orator, and Hannah Oliver, '74, poet, to represent the Association at the proposed "Alumni exercises" in Commencement week of 1878. For some unrecorded reason this program was never carried out. The Association was no longer maintained, but the graduates contented themselves with holding an occasional alumni reception until 1883, when the interest in an association revived and the present organization was effected. Since that date the Association has been active; an Alumni oration has been delivered by a member of the Association each Commencement, a banquet has been held, and a new board of officers chosen each year.
